INDEX TO VOLUME 27

The following abbreviations indicate the source of the material indexed: "ab" abstract under Current Literature; "br," Book Reviews; "cc," Current Comment; "ed," Editorial; "f," filler; "nn," News Notes. An asterisk indicates an original article in this JOURNAL. Book Reviews appear in the subject index under "Book Reviews." The author index, which follows the subject index, includes only the names of the authors of original material appearing in this JOURNAL in full or abstracted in the editorial section or in fillers, and the authors of books reviewed.

SUBJECT INDEX

A

Abortion, related to protein intake, *1046
Accounting
  in the dietary department, ab 684
  food, factors in, ab 326
  food, in small hospital, ab 238
  hidden costs, sources of, *575
  need for replacement reserves, ab 236
  for non-patient meals in hospital, ab 508
  precosting menus, ab 50
  records, *306
  in small institutions, *302
Acne vulgaris, diet for, ab 884
ACTH
  effects of, ab 234
  no diabetogenic effect from, ab 234
  and relation to blood sugar, ab 322
  uses of, ab 48
Additives, chemical, in food, *185
  A. M. A. recommendations on, ab 778
Administration, food, scientific management applied to, ab 992
Adrenal cortex, in intermediary metabolism, ab 676
Agar, allergy to, ab 414
Age, related to height and weight, ab 236
Aged
  feeding, psychologic aspects of, *461
  homes for
    evaluation of food service in, *467
    state food regulations, *470
Agene, in flour, effects of, ab 504
Aging
  cholesterol, serum, in, ab 134
  Conference on, nn 420, nn 688
  nutrition in, ab 676
Agriculture
  and food chemistry, ab 412
  plant-growth-stimulating hormones, ab 886
Aides, dietary, use of, *636
Air conditioning in hospital kitchen, ab 418
Air Force, U. S.
  flight feeding in, ab 416
  Perry, Col., promoted, nn 890
  personnel announcements, nn 54, nn 190, nn 240, nn 424, nn 688, nn 1092
  Purdy, D. I., appointed dietary consultant, nn 140
  training program in civilian dietetic internships, nn 890
Alabama Polytechnic Institute, ab 788
  kitchen planning at, ab 508
  layout of food service, ab 596
  modernization of food service department, ab 686
  student help in food service, ab 418
Alaska
  cholesterol in the Aleut, ab 676
  eating habits in, cc 758, ab 884
  evaporated milk used for children in, cc 758
  public health problems in, ab 884
Alkaline phosphatase, in New York survey, *215
Alkalosis, metabolic, ab 590
Alkaptonuria, ab 778
Allergy
  to agar, ab 414
  in children
    food, ab 236
    oranges, ab 1084
  to cottonseed oil, ab 590
  to dextrose and corn products, ab 414
  skin testing for, ab 134
Aluminum
  detergents for, ab 684
  hydroxide gels for renal phosphatic calculi, ab 234
  utensils not injurious, ab 678
Amebiasis, management of, ab 504
American Board of Nutrition, nn 332, nn 796
American Chemical Society, World Chemical Conclave, nn 890
American Dietetic Association
  to aid in setting standards for dietary personnel in psychiatric hospitals, nn 250
  amendment to constitution, nn 1092
  Barbour, H. F., receives M. S. Rose Fellowship, ed 1072
  Bates, D., joins staff, ed 1073
  Civil Defense Committee appointed, nn 250
  Committee on Dietary Study Methodology, *557
  Committee for Dietetic Mobilization for National Security formed, f 221
  convention in Cleveland, f 385, f 490, f 574, ed 661, f 731, f 748, 768, 774
  Cooper, L., receives Copher award, ed 1071
  cooperates with National Urban League, nn 156, nn 1002
  cooperates in setting standards of plastic tableware, nn 250
  Copher, M. H., award goes to L. Cooper, ed 1071
  curriculum project fellowship, nn 1090
  Diet Therapy Section project, cc 1075
  essay award on history of nutrition, ed 972
  Johnson, M. E., resigns from staff, ed 1073
  Loan Fund, f 976, f 1078
  McAuley, M. F., Memorial Loan Fund, f 1078
  Nominating Committee report, 1950–51, ed 222
  officers for 1951–52, nn 598
  Ohlson, M. A., President, ed 971
  photographic contest, f 311, f 330, f 385
    winners, nn 794
  Placement Bureau, f 389
  President's report, *1037
  publications
    Adequate Low-Calorie Diet, The, nn 612
    Dietetics as a Profession revised, nn 902
    Publications and Reprints, nn 612
  publicity, nn 64, nn 156, nn 1090
  Rose, Mary Swartz, Fellowship
    goes to H. F. Barbour, ed 1072
    provisions, f 1078
  Roberts, L. J., essay award, ed 972
  Rosdail, J. H., appointed Accountant and Office Manager, ed 498
  Ross, M., resigns, ed 311
  sodium, low-, diet survey and project, cc 1075
  Vocational Guidance Program, new kits available, nn 64
  Zempel, C., appointed Professional Activities Director, ed 311
American Home Economics Association convention, nn 688
American Hospital Association, Master Menu revised, nn 800, ab 886
American Medical Association
  convention, nn 598
  defines wholesome food, f 563, ab 678
  recommendations on chemical additives in food, ab 778
American Red Cross
  registration of nutritionists, cc 499
  staff of Food and Nutrition Service, nn 598
Amino acids (see also Protein)
  effect of heat on, *85
  essential, index for, *396
  excretion
    in infants' feces, ab 986
    in man, ab 884
  in blood, assay method, ab 414
  in lamb, ab 592, ab 778
  microbiologic analysis of, ab 780
  in nitrogen utilization in rats, ab 884
  in pork, ab 778
  in primitive Mexican foods, *212
  research, *381, *728
  in rice, ab 780
  utilization, ab 50
Anemia
  hypochromic, parenteral iron for, ab 134
  macrocytic, deficiency of pteroylglutamic acid, ab 984
  onions as cause, f 846
  pernicious
    and vitamin B_{12}, ab 1082
      absorption in, ab 48
      deficiency in, ab 984
  in pregnancy related to protein intake, *1046
Antibiotics
  canning with, ab 52
  growth-promoting quality of, ab 678
  and nutrition, ab 136
  prevent liver disease in rats, f 956
  spoil milk for cheese, f 774
Antibodies
  in colostrum, ab 504
  and nutrition, f 196
  research progress, *382
Antivitamin A, ab 594
Appetite
  vs. hunger, ab 502
  research progress, *381
Apples
  commercially prepared, use of, nn 342
  discoloration in pies, elimination of, ab 52
  juice concentrate, nn 428
Apricots, dried, grading of, f 567
Aqueous vs. oily solution for vitamin A, ab 324
Army
  conference on recruiting needs of WMSC, nn 140
  dietitian's experience in, cc 973
  food service in hospitals, nn 144
  MacLachlan, M., appointed dietary consultant, nn 140
  opportunities for dietitians, ed 309
  personnel announcements, 64, 336, 614, 690, f 972
  rations, candy in, nn 146
  recruits dietitians on television, nn 602
  training for cooks, ab 1086
Arteriosclerosis, review on, ab 590
Arthritis
  desoxycorticosterone acetate and ascorbic acid in, ab 780
  para-aminobenzoic therapy, dangers from, ab 502
Ascites, in cirrhosis of liver, sodium restriction for, ab 984
Ascorbic acid
  in arthritis, ab 780
  and corneal ulcers, ab 234
  deficiency in macrocytic anemia, ab 984
  dehydro-, utilization of, ab 50
  in milk, *578
  in peaches, nn 802
  in plasma of Chinese school children, *36
  for prickly heat, ab 324
  reduced, in store vs. delivered milk, *578
  in reheated frozen vegetables, *390
  retention
    in electronic and stewpan cookery, *32
    in fresh-frozen and freshly squeezed orange juice, *866
    in vegetables during pressure cooking, *1059
  in school lunches, *844
  serum, in New York survey, *215
  tablets for infant formula, ab 1084
  in tomato paste, nn 146
Asia, Southeast, fish production in, f 27
Assay methods, microbiologic
  for amino acids in blood, ab 414
  for vitamins, ab 412
Atherosclerosis
  and cholesterol, ab 134, ab 1082
  and lipid metabolism, ab 1082
Athetosis, defined, cc 870
Atomic attack (see Civil defense)
Atomic burns, and fruit juices, ab 678
Atwater, W. O., biography, f 379
Aureomycin, nausea produced by, ab 594
Australia, diabetic camps in, nn 146
Authors, tips for, ab 1088
Autoclaving effect
  on amino acids, *87
  on casein, ab 678
  on lysine, *87
Aviation, flight feeding in Air Force, ab 416
Avidin, antagonist to biotin in eggs, ab 780
Avocado, frozen guacamole, nn 898

B

B-complex and mental disease, f 31
Bacon-and-egg vs. cereal breakfast, *190, *298, *475
Bacteria, in reheated frozen food
  cooked meat dishes, *491
  vegetables, *390
Bakeries, sanitation for, ab 888
Bakery, in food service operation, ab 238
Baking, milk solids in, f 113
Baking powder, low-sodium, recipe, f 580
Barber, M. I., appointed member Women's Advisory Board in Armed Services, nn 1092
Barbour, H. F., receives Rose fellowship, ed 1072
Bates, D., joins A.D.A. staff ed 1073
Battle Creek, Mich., civil defense plan, ab 418
Beans
  effect of heat on amino acids in, *87
  Lima
    ascorbic acid variation in, nn 1000
    vitamin variation in, nn 1000
  short soaking recommended for, nn 146
Beef
  heart, thiamine and riboflavin retention in, *752
  new federal grades, f 23
  purchasing grades, ab 994
  tenderness, factors in, f 751
  vs. veal in tenderness, f 751
Beriberi, reduced in Philippines by rice enrichment, *293, ab 324
Bernard, C., biography, f 577
Beverages
  general facts on, ab 596
  milk solids, new uses for, f 113
Biedert, P., biography, f 959
Bile pigments, origin of, ab 134
Biolac, improved, ab 326
Biotin, antagonist in eggs, ab 780
Blackberries, freezing, for diabetics, f 978
Blackstrap molasses, composition of, f 868
Bleaching agents in flour, ab 414
Blood coagulation, effect of cream on, ab 778
Blueberries, freezing, for diabetics, f 978
Body weight, related to height and age, ab 236
Booklet on nutrition for nurses, nn 898
Bonus system for restaurants, ab 418

Book Reviews
  Alphabet for Gourmets, An, 320
  Art of Cooking with Herbs and Spices, The, 880
  Art of Serving Food Attractively, The, 588
  Biology of Human Starvation, The, 232
  Bridges' Food and Beverage Analyses, 232
  Cheese Cookbook, The, 410
  Chemical Analysis of Foods and Food Products, The, 878
  Chemistry and Technology of Food and Food Products, The, 980
  Composition of Foods—Raw, Processed, Prepared, 46
  Cook Book for Low Sodium Diet, The, 674
  Crops in Peace and War—Yearbook of Agriculture, 1950–51, 982

Cruising Cookbook, The, 1080
Essentials of Nutrition, 982
Food Allergy, 674
Food for Fifty, 132
Food for Little People, 320
Food and Nutrition Manual for Institutions, 408
Food Values of Portions Commonly Used, 408
Good Food for Bad Stomachs, 1080
Good Food for Diabetics, 880
Greek Cookery, 982
Guide to Planning Normal and Therapeutic Diets, f 570
Handbook of Nutrition, 878
Industrial Nutrition, 980
Laboratory Manual in Cookery, A, 880
Laboratory Manual and Work Book in Microbiology of Foods, 320
Large Quantity Recipes, 588
Low Sodium Diet, A Manual for the Patient, 1080
Manual for the Operation of Emergency Feeding Stations, 766
Mental Health Programs of the Forty-Eight States, The, 132
Methods of Vitamin Assay, 410
Modern Dietetics, 980
Nutrition in Health and Disease, 46
Official Methods of Analysis of the Association of Official Agricultural Chemists, 766
Patterns of Living in Puerto Rican Families, 232
Planning Food for Institutions, 766
Planning Low Sodium Meals, 878
Practical Book of Food Shopping, The, 408
Practical Guide for Food Service in Nursery Schools and Other Group Care Centers, 1080
Quantity Cookery, 980
Quantity Recipes for Quality Food, 674
Recent Advances in Nutrition, 880
Recipes for Nursery Schools and Other Group Care Centers, 1080
Seasoning Secrets—Herbs and Spices, 880
Spice Sampler, The, 878
Stonington Cooks and Cookery, 588
Story of Nutritional Research, A, 132
Borden award
in chemistry of milk, McMeekin, T. L., receives, nn 422
Johnston, F. A., receives, nn 688
Bowes, A. deP., honored, nn 996
Bread
enrichment, progress in, ab 596
federal standards, ab 504, ab 506
iron absorption from, *742
recipes, ab 994
Breakfast
cereal vs. bacon-and-egg, physiologic response of men to, *190, *298, *475
program for school, ab 686
techniques for campaigns, ab 984
Breast feeding, amino acid excretion in infants after, ab 986
British dietary standards, compared with U. S. and Canadian, *28
Brucellosis
dietetic aspects, *485
in Italy, ab 784
program against in Indiana, ab 592
Bryan, M. deG., honored, nn 510
Budget, role in cost accounting, *302
Burn
atomic, fruit juice contraindicated for, ab 986
shock, saline solution for, ab 136
Butter, vitamin D in tropical, ab 322
Buyers, relations with salesmen, ab 52

C

Cafeteria
in hospital dietary department, *945
layout recommendations for hospital, *937
open square layout, cc 288
in school lunch program, Los Angeles, ab 328
Calcification, anti-, effect of phytic acid in cereals, ab 986
Calcium
excretion in rat intestine, ab 680
metabolism
and estrogen cycle, ab 594
of men on different breakfasts, *475
in Oriental rice diet, ab 776
of young women during reduction, *480
retention and phytic acid of cereals, ab 986
in school lunches, *843
supplementation in foods, ab 136
Calculation, dietary, short method for, *386
California Dietetic Association, 25th anniversary, f 466
Calories
intake
affected by cortisone, ab 1084
affected by propylthiouracil, ab 1084
related to nitrogen utilization during pregnancy, *847
and nitrogen utilization, ab 1084
in school lunches, *842
supplements of oral fat emulsions, *197
Camp kitchen planning, ab 788
Canada
diabetes survey in Ontario community, results, ab 1082
dietary standards, *28, ab 234
trichinosis in, ab 776
Canadian Dietetic Association, convention, nn 598
Cancer
and experimental diets, ab 884
and rice diet, ab 884
Candy
in Army rations, nn 146
fondant material on market, ab 990
Canned foods
vs. fresh and frozen foods, ab 328
purchasing, methods of, *571
X-ray unit to inspect, ab 596
Canning
with antibiotics, ab 52
effect on protein in peas, ab 780
home, in U. S., nn 146
with subtilin, ab 52
Carbohydrate
metabolism and undernutrition, ab 776
and nitrogen loss postoperatively, ab 416
nitrogen-sparing effect of, ab 324
utilization in diabetic liver, ab 324
Cardiovascular disease, research on cholesterol metabolism for, *209
Caries, dental (see also Teeth)
effect of foods grown in different soils, ab 506
and medical progress, ab 884
and milk-free diet, ab 678
natural vs. refined sugars as cause, ab 680
and potassium ferrocyanide, ab 988
research progress, *383
and stannous fluoride, ab 884
and zinc chloride, ab 988
Carob flour and infant diarrhea, ab 884
Carotene
in celery, *965
in margarine, ab 592
plasma, in young women, *960
in pulses and cereals, ab 682
utilization affected by mineral oil, ab 1082
serum, in New York survey, *215
Carotinemia in diabetes, ab 776
Carrots
nutrients in, nn 54
storage of, nn 54
Casein
animal, protein factor in, ab 416
vs. vegetable-milk protein, ab 322
Catering, at Duke University, ab 594
Cation changes in metabolic alkalosis, ab 590
Celery
ascorbic acid in, *965
carotene in, *965
nutrients in, nn 148
Central American foods, composition of, ab 776
Centralized vs. decentralized service, ab 1088
Ceramics, fact-file on, ab 138
Cereals
for breakfast vs. bacon and eggs, *190, *298, *475
carotene in, ab 682
effect of heat on proteins in, *89
enrichment, *293
history of, f 474
phytic acid content and calcification, ab 986
Cerebral palsy
dietary practices of children, cc 870
dietary requirements in, cc 869
types defined, cc 869
Certification of nutritionists, nn 332, nn 796
Chairs, purchasing of, ab 992
Chapman, A., honored, nn 598
Cheese, antibiotics spoil milk for, f 774
Chemistry, food, and agriculture, ab 412
Chick growth, technique in nutritional education, ab 680
Chicken
à la king, frozen, bacteriologic flora after cooking, *855
fried, method of preparing, ab 508
Children (see also Infants, School lunch)
Alaskan, and evaporated milk, cc 758
booklets on feeding, nn 692
with cerebral palsy, dietary practices of, cc 870
Chinese, nutritional findings in, *36
with cleft palate, feeding of, ab 594
diabetic camp for, nn 146, nn 996
dietary recall method, use with, *749
feeding of, ab 1088
a world problem, *371
food allergies in, ab 236
hypoproteinosis in, ab 986
insulin, NPH, for, ab 882
Midcentury White House Conference on Children and Youth, *281, cc 312
nurse's role in helping mothers with feeding problems, ab 594
nutritional status
in New York, *289
in Oregon, ab 680
in Virginia, ab 136
vomiting, management of, ab 326
China
children in, nutritional findings, *36
nutrition under Communists, ab 988
Chittenden, R. H., biography, f 105
Chlorophyll, ab 986
Chocolate blanc mange made with milk solids, acceptability, cc 583
Choice reaction time, after cereal and bacon-and-egg breakfasts, *190
Cholesterol
adrenal, effect of fat on, ab 412
in Aleut Indian of Alaska, ab 676
and atherosclerosis, ab 134, ab 1082
data on content in foods, nn 240
description of, f 130
dietary, and blood level, f 840
in egg, ab 780
metabolism and cardiovascular disease, *209
serum, in aging, ab 134
and vascular sclerosis, ab 50
Choline
and dark adaptation, ab 684
and hepatic tumors in rats, ab 1082
Chronic disease
national conference on, nn 420
and nutrition, ab 590, ab 680
Cirrhosis
ascites in, sodium restriction for, ab 984
diet therapy for, ab 984
evaluation of therapy in, ab 886
Laennec's, diet therapy for, ab 780
and salt depletion, ab 324
Civil defense
bibliography on, f 498
food after an atomic attack, f 44
food problems of, cc 121
and home economists, ab 418
water after an atomic attack, f 44
Clarke College, modernization of food service, ab 684
Cleaning
asphalt tile, ab 788
floors, ab 786
materials for, *24
of pots and pans, ab 686
Cleft palate, feeding children with, ab 594
Cleveland, history of, f 574
Clinics, nutrition, in N. Y. C. Health Dept., ab 782
Coagulation, blood, effect of cream on, ab 778
Cobalamin (see Vitamin B_{12})
Cockroaches, as virus carriers, ab 134
Coffee
brewed in individual bags, ab 1086
brewing methods, ab 418
hot, problem of serving, f 964
how to make, ab 138, ab 238
Coin machine to increase milk drinking, f 660
Colitis
and metabolic disturbances, ab 48
ulcerative, diet therapy for, ab 1086
College food service
Alabama Polytechnic Institute, ab 418, ab 508, ab 596, ab 686, ab 788
Clarke College, ab 684
Duke University, catering service at, ab 594
Knox College, Galesburg, Ill., ab 50
Michigan State College, cc 228
Pennsylvania State College, ab 784
student help in, ab 138, ab 416, ab 784
survey of, ab 50
Teachers College, Columbia University, ab 418
unit vs. standard menus, cc 225
University of Kentucky snack bar, ab 506
University of Wyoming, ab 416
Colostomy, food management in, ab 136
Colostrum and antibodies, ab 504
Commissary, advantages of central, ab 596
Communication with employees, ab 994
Communists, Chinese, nutrition under, ab 988
Community nutrition
dietary surveys for, *838
learning needs, cc 41
program in Rochester, Minnesota, ab 328
Compulsive person as employee, *378
Concentrates from apple juice, nn 428
Conference on Chronic Disease, nn 140
Consultation, dietary, for small institutions
cost accounting, *302
diet therapy program, *732
employee training, *114
layout and equipment, planning of, *16
Consumption
of eggs in U. S., nn 900
food, during pregnancy, *1046, *1053
Contamination by atomic attack
of foods, cc 128
of milk, cc 128
of water, cc 128
Cookery
errors common in, ab 138
of fish, ab 992
with infra-red light, ab 684
pressure, effect on vegetables, *1059
saucepan, effect on vegetables, *1059
Cooks, trained by Army, ab 1086
Cooper, L., receives Copher award, ed 1071
Copher, M. H., award given to L. Cooper, ed 1071
Corn
enrichment in U. S., *294
products and allergy, ab 414
Cornell University uses coin machines to increase milk drinking, f 660
Coronary heart disease, treatment of, ab 682
Cortisone
causes lipemia, ab 322
effect on caloric intake, ab 1084
effects of, ab 234
uses of, ab 48
Cost
accounting (see Accounting)
control
and food percentages, ab 1086
of portions important, ab 306, ab 1086
food, and nutritive values, ab 504
hidden, in food department, *575
operation, in food service, ab 886
reducing, ab 684
work simplification for cutting, *952
Cottonseed oil, allergy to, ab 590
Creatinine excretions in pregnancy, *847
Cream
effect on blood coagulation, ab 778
uses of, ab 792
Curriculum project fellowship, A.D.A., nn 1092
Custard made with milk solids, acceptability, cc 583
Cutlery
kitchen, types and uses, ab 596
for meat preparation, ab 418
Cystine in soybeans, effect of heat on, *85
Cytosiderosis in Bantus of South Africa, ab 134

D

Dark adaptation
and choline, ab 684
and nicotinic acid amide, ab 684
Daum, K., honored, nn 598

Defense (see also Civil defense)
  and home economists, ab 678
  mobilization of dietitians, f 221, *633, *634, *636, *638
  role of institutions in, ab 684
Deficiency
  detecting, methods of, ab 504
  diseases, treatment with folic acid and B_{12}, ab 324
  fatty acid, cause of phrynoderma, ab 324
  in heart disease where salt is restricted, ab 984
  nutritional, ways to study, ab 984
  potassium
    in idiopathic steatorrhea, ab 414
    in pyloric stenosis, ab 414
  recognition of, first, *729
  riboflavin, clinical aspects of, ab 984
Dehydration
  high-vacuum, of heat-sensitive foods, f 406
  vacuum drying of fruit, ab 508
Dental caries (see Caries, dental)
Deodorant, chlorophyll, value questionable, ab 986
Depreciation and replacement reserves, ab 236
Desoxycorticosterone acetate in arthritis, ab 780
Desoxycorticosterone glycoside, effect on kidney function, ab 48
Desserts, function in menu, ab 52
Detergents
  for aluminum, ab 684
  evaluation of, ab 682
  multiple, ab 326
  types of, *24
Dewberries, freezing, for diabetics, f 978
Dextrose and allergy, ab 414
Diabetes
  addenda for fruit exchanges, nn 54
  blood sugar level related to protein intake, ab 322
  camp for children in Kansas, nn 996
  camps in Australia, nn 146
  carbohydrate utilization in liver, ab 324
  carotinemia and hepatic dysfunction in, ab 776
